

Winners all around at Celebrate Fairfax!

The Recycle Guys hosted an amazing party at Celebrate Fairfax in June. They invited everyone to see the house where they hang out, play and—of course—RECYCLE! Event judges enjoyed it so much that they awarded the exhibit 'Best In Show!'

Fairgoers received great ideas on how to practice waste reduction, reuse and recycling in a home setting. They also learned about the path that trash takes throughout the collection, recycling and disposal processes.

The Recycle Guys' house

featured a kitchen, classroom, home office, back porch and garage. As an added bonus, young fairgoers went fishing for prizes in our Chesapeake Bay exhibit.

Two lucky kids won our drawing for Checkers, a large stuffed giraffe who reminds people to "check for a neck" before recycling plastic! On the left is a picture of Megan and her family with Checkers; on the right is Gabe and siblings with their new giraffe. Congratulations Megan and Gabe!
